Dear Carl,

Please tell your band World Class Noise that we have had many positive remarks about the entertainment they provided for us at LabelExpo Americas 2008. Sales representatives, sales managers, customers, vendors – they all agree that this was without question one of the most fun events we have ever produced, and much of that credit goes to the fantastic music!

We hope to work with your group again in the future. We actually sought your band out after having heard them play at another event last year. The music is danceable, singable, and just plain enjoyable. Our co-workers from Israel said it is one of the best bands they've ever heard!

Again, we thank you for being easy to work with and making our job easy in setting up the event. Having you bring the DJ, the jazz quartet, and then the main event, World Class Noise, was a tremendous package that fit what we needed perfectly.

We look forward to working with you again in the future!

Best regards,

Retha Petruzates
